compare box vs original	compare new tech vs original
box version missing some text, but some text on page 12 in a circle is complete in the box version!	new tech version produced, but layout issue on few pages
box great bar penultimate page lost some bullets - but stunning rendition really!	new tech version very good bar page 3 , text overlayed image
box version missing text on page 7	OK, best renditin yet
box version, a lot of missing lines on many pages	new tech looks OK
box version ok'ish, some text missing again in various pages	new tech, font totally wrong, but I think all content has been converted!
box version, no comments shoing and also strikethrough changes listed	new tech just showing text of the document, changes displayed inline
OK	OK
OK, but no interaction on box	new copy looks ok, no interaction
box version - , missing text lines all the way through doc	OK
Box version, no interaction but visually the same	new tech version, missing interactive components like button images and overlaid text
OK	OK
OK	OK
box version cutting off many pages where bullets are used	New tech copy best yet

	compare box vs original	compare new tech vs original
	box version missing some text, but some text on page 12 in a circle is complete in the box version!	new tech version not available
	box great bar penultimate page lost some bullets - but stunning rendition really!	new tech page 4 text overlaying impage and then from page 9 onward and then goes out of whack
	box version missing text on page 7	new tech not very good , lines around subsections, misplaced and a few lines of text missiing
	box version, a lot of missing lines on many pages	new tech mising a copule of overlay shapes(red arrows)
	box version ok'ish, some text missing again in various pages	new tech, font totally wrong, shaded boxes, text ok but shaded boxes shitfed not very good!
	box version, no comments shoing and also strikethrough changes listed	new tech just showing text of the document, no coments and no changes
	OK	new tech version, header box on first page missing part of text left hand side
	OK, but no interaction on box	no page.html so assume failure
	box version - , missing text lines all the way through doc	OK
	Box version, no interaction but visually the same	new tech version, missing interactive components like button images and tsome text overlahyed where interactive buttons displays different texts
	OK	OK
	OK	new tech version, some text clipped top and bottom of slides
	box version cutting off many pages where bullets are used	new tech version chopped off top and bottom on some slides
	OK	first slide no background and 3 other slides text all jumbled and overlayed
	OK	new tech version, layout issue for some images and also text mis-aligned and header text showing shadow not in the original
	OK	new tech view ok, but one page clipped at foot of page slightly and another page with text in a bubble larger font
	OK	new tech 3rd slide , a table is overlaying main text ands other text overlay issues on other slides
	n/a no box view	new tech looks OK bar Expense Ana sheet , som garbled text next to graph
